AEM Forms Training Prerequisites	1
Validate AEM Forms Provisioning	2
Enable AEM Forms on your CS sandbox	2
Prepare for deep dive training.	2
Verify ability to create App Registration in Azure.	2
Obtain Adobe Sign Developer Account (Optional).....	3

Validate AEM Forms Provisioning

Ensure you have a sandbox environment with AEM Forms enabled.

1. Log in to Cloud Manager and open your AEM as a Cloud Service instance.
2. Click on "Edit Program" and navigate to the "Solutions & Add-ons" tab.
3. Verify that AEM Forms is selected.
4. Under "Sites," confirm that "Reference Demo" is the selected.

If, AEM Forms is not listed:

You will need to get it provisioned.

1. You can request provisioning by contacting: <https://provisioninghub.corp.adobe.com/> (VPN required)
2. For more information on Sandbox Provisioning, please refer to Bridget's XSC Enablement Playbook  [here](#).

Enable AEM Forms on your CS sandbox.

After enabling the Forms programming, you will need to run a non-production pipeline for AEM Forms to show up in your environment.

Prepare for deep dive training.

Verify ability to create App Registration in Azure.

1. **Log in to:** <https://portal.azure.com/>
2. **Navigate to:** "App registrations" under Azure Services.
3. **Confirm:** You can access the App registrations page.

Optional Step:

Follow: Instructions to configure One Drive Cloud Service configuration in AEM Forms
<https://experienceleague.adobe.com/docs/experience-manager-learn/cloud-service/forms/one-drive/store-form-submission-one-drive.html?lang=en>

Obtain Adobe Sign Developer Account (Optional)

1. Obtain an Adobe Sign developer account. You will need to use a personal email address for this account, not your Adobe ID. <https://www.adobe.com/sign/developer-form.html>
2. Follow the instructions here, <https://experienceleague.adobe.com/docs/experience-manager-cloud-service/content/forms/integrate/services/adobe-sign-integration-adaptive-forms.html?lang=en#adobe-acrobat-sign-for-government>, to configure Adobe Sign on you AEM as Cloud Service environment.
